

Herzmodell Human Heart

2-fache Lebensgröße · 4 Teile
2x life size · 4 parts

Anleitung / Manual

Art. Nr. / Item No. G112

Latin

- | | | | |
|----|--|----|------------------------------------|
| 1 | Vena brachiocephalica dextra | 25 | Vena cordis media |
| 2 | Vena brachiocephalica sinistra | 26 | Ramus interventricularis posterior |
| 3 | Vena cava superior | 27 | Vena cava superior |
| 4 | Truncus brachiocephalicus | 28 | Arteria pulmonalis dextra |
| 5 | Arteria carotis communis sinistra | 29 | Atrium cordis sinistrum |
| 6 | Arteria subclavia sinistra | 30 | Vena pulmonalis superior sinistra |
| 7 | Arcus aortae | 31 | Vena pulmonalis inferior sinistra |
| 8 | Aorta ascendens | 32 | Vena pulmonalis dextra superior |
| 9 | Truncus pulmonali | 33 | Vena pulmonalis dextra inferior |
| 10 | Arteria pulmonalis sinistra | 34 | Inferior vena cava |
| 11 | Auricula dextra | 35 | Musculi pectinati |
| 12 | Atrium cordis dextrum | 36 | Fossa ovalis |
| 13 | Arteria coronaria dextra | 37 | Ostium sinus coronarii |
| 14 | Gyrus precentralis | 38 | Valvula tricuspidalis |
| 15 | Ventriculus cordis dexter | 39 | Musculi papillares anterior |
| 16 | Sulcus interventricularis anterior | 40 | Musculi papillares posterior |
| 17 | Arteria coronaria sinistra | 41 | Musculus papillaris septalis |
| 18 | Ramus interventricularis anterior
(arteriae coronariae sinistrae) | 42 | Columnae carnea |
| 19 | Arteria coronaria circumflexa sinistra | 43 | Conus arteriosus (Infundibulum) |
| 20 | Vena cordis magna | 44 | Valva trunci pulmonalis |
| 21 | Auricula sinistra | 45 | Valva mitralis |
| 22 | Ventriculus sinister | 46 | Musculi papillares anterior |
| 23 | Apex cordis | 47 | Musculi papillares posterior |
| 24 | Sinus coronarius | 48 | Vestibulum aortae |
| | | 49 | Valva aortae |

English

- | | | | |
|----|--|----|--|
| 1 | Right brachiocephalic vein | 25 | Middle cardiac vein |
| 2 | Left brachiocephalic vein | 26 | Posterior interventricular
branch of right coronary |
| 3 | Superior vena cava | 27 | Superior vena cava |
| 4 | Brachiocephalic trunk | 28 | Right pulmonary artery |
| 5 | Left common carotid artery | 29 | Left atrium |
| 6 | Left subclavian artery | 30 | Left superior pulmonary vein |
| 7 | Aortic arch | 31 | Left inferior pulmonary vein |
| 8 | Ascending aorta | 32 | Right superior pulmonary vein |
| 9 | Pulmonary trunk | 33 | Right inferior pulmonary vein |
| 10 | Left pulmonary artery | 34 | Inferior vena cava |
| 11 | Right auricle | 35 | Pectinate muscles |
| 12 | Right atrium | 36 | Fossa ovalis |
| 13 | Right coronary artery | 37 | Opening of coronary sinus |
| 14 | Anterior cardiac veins | 38 | Tricuspid valve |
| 15 | Right ventricular | 39 | Anterior papillary muscles |
| 16 | Anterior interventricular groove | 40 | Posterior papillary muscle |
| 17 | Left coronary artery | 41 | Septal papillary muscle |
| 18 | Anterior interventricular branch
(left anterior descending) | 42 | Muscular trabeculae |
| 19 | Circumflex branch of left
coronary artery | 43 | Arterial conus (infundibulum) |
| 20 | Great cardiac vein | 44 | Pulmonary valve |
| 21 | Left auricle | 45 | Mitral valve |
| 22 | Left ventricular | 46 | Anterior papillary muscles |
| 23 | cardiac apex | 47 | Posterior papillary muscles |
| 24 | Coronary sinus | 48 | Aortic vestibule |
| | | 49 | Aortic valve |

Deutsch

- | | | | |
|----|--|----|---|
| 1 | rechte Arm- und Kopfvene | 25 | mittlere Herzvene |
| 2 | linke Arm- und Kopfvene | 26 | Hinterer Zwischenkammernast
der rechten Koronarterie |
| 3 | obere Hohlvene | 27 | obere Hohlvene |
| 4 | Arm-Kopf-Arterie | 28 | rechte Lungenarterie |
| 5 | linke gemeinsame Halsarterie | 29 | linker Herzvorhof |
| 6 | linke Schlüsselbeinarterie | 30 | linke obere Lungenvene |
| 7 | Aortenbogen | 31 | linke untere Lungenvene |
| 8 | aufsteigende Aorta | 32 | Rechte obere Lungenvene |
| 9 | Lungenarterienstamm | 33 | Linke untere Lungenvene |
| 10 | linke Lungenarterie | 34 | untere Hohlvene |
| 11 | rechtes Herzohr | 35 | Muskelbälkchen des rechten Vorhofs |
| 12 | rechter Herzvorhof | 36 | Ovale Grube |
| 13 | rechte Herzkranzschlagader | 37 | Öffnung des Koronarsinus |
| 14 | vordere Zentralwindung | 38 | Trikuspidalklappe |
| 15 | rechte Herzkammer | 39 | Anteriore Papillarmuskeln |
| 16 | Vordere Zwischenkammerfurche | 40 | Posteriore Papillarmuskeln |
| 17 | linke Herzkranzschlagader | 41 | septaler Papillarmuskel |
| 18 | Vorderer Ast der linken
Herzkranzarterie | 42 | Herzmuskelbälkchen |
| 19 | Nach hinten ziehender Hof
der linken Koronarterie | 43 | Arterienkonus |
| 20 | große Herzvene | 44 | Pulmonalklappe |
| 21 | linkes Herzohr | 45 | Mitralklappe |
| 22 | linke Herzkammer | 46 | Anteriore Papillarmuskeln |
| 23 | Herzspitze | 47 | Posteriore Papillarmuskeln |
| 24 | Koronarsinus | 48 | Aortenvorhof |
| | | 49 | Aortenklappe |
